A. O. U. W. meet tonight.
Up-to-date job printing at THE OX.
The smelter time has been set back half an hour.

Miss Jane Critchley is in Tucson visiting friends.
Mrs. John Keating has returned from a two weeks visit to Tucson.

W. W. Wambaugh, the railroad engineer, arrived yesterday and will remain here for a few days.

The various towns in the territory are having their Chinese new year celebration. This is one feature we are glad to say that we do not have.

A telegram received yesterday from Hutchinson, Kansas, states that Mr. Harvey is rapidly recovering from his recent illness and will soon be able to be about again.

This office is in receipt of a letter from the United States land office announcing that townships 15 S., R. 25 E., 18 S., R. 25 E., 18 S., R. 24 E., and 24 S., R. 24 E., will be thrown open to settlement on and after March 12th. A part of these lie in Cochise county.

Yesterday was Arbor Day, consequently a territorial holiday. The public schools throughout the territory were closed, and although the day was not generally observed in Bisbee, still a few recognized the day, among them being the OX, that is why this paper did not make its regular appearance in the afternoon.

Herman Durand was in today from Turquoise. Mr. Durand has a group of copper claims under bond to G. Armenty of New York, upon which work is being pushed. The developments are showing up a most promising mine and prospects are favorable for the taking up of the bond.—Prospector.

The mines of the Chloride district never looked as well as they do now. The Santa Fe has reduced the rate on coal and the Tennessee will now increase its output. The Tennessee is the big shipper of the district and everybody feels happy that the difference with the railroads has been settled satisfactorily.—Kingman Miner.

G. H. Appleton, Justice of the Peace, Clarkburg, N. J., says: "Dewitt's Little Early Risers are the best pills made for constipation. We use no others." Quickly cure all liver and bowel troubles. Copper Queen Store.

The Knights of Pythias did a noble act of charity for the widow and children of the late Robert C. Ross in presenting them with a lot and new residence thereon. The deceased was a member of the lodge and the family being left without a home or means, the K. of P. asked the assistance of the lodges of the state and presented the family with a home.—Pasa City Independent.

Last week on the Boston stock exchange 4,810 shares of the Cochiti Gold Mining Company's stock, of the Cochiti district, New Mexico, of the par value of \$10, were sold at from \$11 to \$12.50 per share. Of the Santa Fe Gold and Copper Mining Company of San Pedro, Santa Fe county, 1,360 shares, of \$10 par value were sold at from \$4.25 to \$5.50.

There are now some thirty artesian wells in St. David district in this county. Mr. Peter Gould has eight flowing wells on his premises and relies entirely on the water from these wells to irrigate his farm, dispensing with the supply from the canal. None of the wells in the district have shown a decrease in the flow notwithstanding new wells are constantly being sunk.—Prospector.

Sick Headache absolutely and permanently cured by using Moki Tea. A pleasant herb drink. Cures constipation and indigestion, makes you eat, sleep, work and happy. Satisfaction guaranteed or money back. 25 cts and 50 cts. For sale by J. S. Williams & Co.

The new Ows building, North Main and Franklin streets, is to be a structure of some pretensions. It covers a ground space of 65 feet on Main street by 100 on Franklin. The basement and first floor, brick work, is completed. The building will cost about \$10,000, and the finishing touches will be made during the last days of February or early in March.—Phoenix Enterprise.

There is plenty of time yet for spring rains. Nine years ago there was no rain until late in February, when it rained for eleven consecutive days and a portion of the city was flooded from the breaking of a canal floodgate. The river was then three and a half miles wide. The winter rains seldom fail, the precipitation is sometimes as early as December and at other times the wet season comes as late as in March.—Phoenix Enterprise.

The "Game Laws of Arizona," edited and compiled by John McCarthy, secretary of the Fish and Game Commission of Arizona, is the title of a neat pamphlet from the press of the Graphic. The preamble contains a good deal of information regarding our game animals and states that: "Taken as a whole, game seems to be on the decrease, and especially deer and antelope."

Moki Tea positively cures sick head ache, indigestion and constipation. A delightful herb drink. Removes all eruptions of the skin, producing a perfect complexion, or money refunded. 25 cts. and 50 cts. For sale at Bisbee Drug Store.

Speaking of copper reminds us, that Mohave county holds probably the highest grade copper mine yet discovered. Judge Dunbar, a prominent attorney, and T. J. Grant, superintendent of the Mollie Gibson mine, lately took a trip through the country lying north of the Colorado river in this county. They stopped and examined the old Adams mine, a property which was patented eighteen years ago, and were astonished at its richness. The ore being hauled from the mine to the railroad in Utah, 140 miles distant, was 70 per cent copper, while ore which went 50 per cent, was left on the dump. The work of three men was realizing the lucky owner, who had held on to his mine all these years, a hundred dollars a day.—Citizen.

Attorney Thomas Borton returned Sunday night from the Peabody mines, near Dragon station, where he had been on legal business. We learn from Mr. Borton that mining is very active in that district. The Peabody company is shipping a car load of rich ore daily to El Paso. The company is erecting a large store, boarding house and other buildings. About 150 men are employed by the company. Colonel Harper and Webster of Benson are working a rich group of mines. One of their claims at a depth of 100 feet has a rich body of carbonates. They have in the group wolfram, gold and copper mines, all of which show well. Their camp is close by Dragon station.—Tucson Star.

At their meeting this morning the Board of Supervisors elected N. W. Bernard member of the board, vice N. W. Bernard. Mr. Bernard is a duly elected and qualified member of the Board of Supervisors. The territorial statutes very expressly provide that if a supervisor shall be absent from the territory over sixty days at a time he shall forfeit his office. Some three months ago Mr. Bernard went on a trip to Hawaii, Australia and other foreign parts, and when he returned to Tucson a few days ago he found that his position as a member of the Board of Supervisors had been forfeited. The board met today to fill the vacancy, being free to elect whoever it choose, but as Mr. Bernard has returned and is now in town he was re-elected.—Tucson Citizen.

Doctors Can't Cure It!

Contagious blood poison is absolutely beyond the skill of the doctors. They may dose a patient for years on their mercurial and potash remedies, but he will never be rid of the disease; on the other hand, his condition will grow steadily worse. S. S. S. is the only cure for this terrible affliction, because it is the only remedy which goes direct to the cause of the disease and forces it from the system.

I was afflicted with Blood Poison, and the best doctors did me no good, though I took their treatment faithfully. In fact, I seemed to get worse all the while. I took almost every so-called blood remedy, but they did not seem to reach the disease, and had no effect whatever. I was disheartened, for it seemed that I would never be cured. At the advice of a friend I then took S. S. S., and began to improve. I continued the medicine, and it cured me completely, restoring my health and increasing my appetite. Although this was ten years ago, I have never yet had a sign of the disease to return.

It is like self-destruction to continue to take potash and mercury; besides totally destroying the digestion, they dry up the marrow in the bones, producing a stiffness and swelling of the joints, causing the hair to fall out, and completely wrecking the system.

S.S.S. For The Blood
Is guaranteed Purely Vegetable, and is the only blood remedy free from these dangerous minerals.

Having a Great Run on Chamberlain's Cough Remedy.

Manager Martin, of the Pierson drug store, informs us that he is having a great run on Chamberlain's Cough Remedy. He sells five bottles of that medicine to one of any other kind, and it gives great satisfaction. In these days of la grippe there is nothing like Chamberlain's Cough Remedy to stop the cough, heal up the sore throat and lungs and give relief within a very short time. The sales are growing, and all who try it are pleased with its prompt action.—South Chicago Daily Calumet. For sale by all druggists. J

That Throbbing Headache.
